

WaterSpot® remover and surface Mineral Stain Removal PASTE **NEW ZEALAND – PACIFIC – AUSTRALIA *** **Exclusive supply**

In your hand is the worlds most effective water spot removal technology for its price .

WaterSpot® pastes success is well beyond debate, and has been professionally used on thousands of Glass and various surface restorations and rejuvenations, from Residential Shower glass to Large Marine restorations throughout the United States for many years!

WaterSpot® has rejuvenated and restored literally thousands of Shower Screens, hundreds of exterior windows and countless Vehicle, Marine and Aircraft Glass, Perspex and Acrylic surfaces.

The DIY option you have selected has been well and truly proven beyond any doubt, and you too will obtain an outcome not matched by other 'wonder products' available today! It's the PASTE people come to after exhausting all other product options.

We can supply 1 bottle to 100 cartons, and the PASTE is priced to be very attractive for retail on-sell margins. The **WaterSpot®** PASTE technology simply WORKS! It is that simple!

Available exclusively in Australia and New Zealand
